Thank You. Thank You. Thank You, to all of the Homeowners who supported us. The road was unnecessarily rough, many obstacles and misdirection's were put in our path.

The results were:

The test of our faiths -mine in particular, was challenged for months. We were not always sure if we would recover from the knock-downs.

The many meeting with the Homeowners who supported us never provided the magic solution. What we received was their faith and confirmation that we should continue the battle. All of the Homeowners believed as we, that we were doing the right things, for the right reasons.

Community support was solidly behind us from Election Day -April 2 until the day of reckoning August 1, 2011..

**\*\*Our community of many, learned that we could be held hostage and ignored by the few.**

History will not repeat it's self. We will not be looking back, our focus will be on the contributions our Board can make to our community over the next two years.

It is always a pleasure to report that we are financially very sound. Because our Board is very interested in your recommendations for improving our community, our first investment will be to modernize REPCA's communication tools.

To make it easy for you to contact REPCA Staff and Board members, Voice mailboxes will shortly be available 24 hours/day at the REPCA office.

VideoText is an automation tool that we are evaluation for improving our Community Bulletin Boards.

The REPCA website is beautiful, We suggest that you visit it often for updates and information. If you have recommendations for improving the website, please let us know.

There is always a need for volunteers, if you can give us one day, or work on one project, it could be your contribution to our community.

"Standing Room Only" was a great problem for us to have at our Annual Meeting on August 15.

It is a problem we would love to continue. We will only have meetings when there is something to be said. Meeting will start on time and be on point. Our public address system will be used..

We were elected to work for the community and will always be accessible to you.

**PS: If you have read this far, you have to read Page 2. Plus the check is not in the mail, it's enclosed.**
